

Addiction Resource Scholarship

**AddictionResource.com awards \$3,000 in scholarships each year to students who share their vision for an addiction-free world.**

**Addictive substances abuse has killed more people than every American war combined, and more than 10 times over. Many victims of drug addictions feel as though they are fighting a war themselves.**

Through the years, millions of lives have been damaged due to drug abuse and addiction. In the US, there are an estimated 3.6 million people who are addicted to some form of drug, whether for recreation or by prescription. These include people who accidentally become

dependent, and eventually addicted to painkillers like Opioids.

**With the AddictionResource Scholarship, we want to challenge current and prospective college students to share their story on how we can make the world addiction-free.**

Every year, we select three winners in the essay contest. The winners will receive awards toward their tuition at their respective colleges and universities. The winning applicants for first, second and third place receive scholarships in the amounts of **\$2,000, \$700 and \$300**, respectively. The scholarship awards may only be used to pay for college tuition and/or education-related expenses. **There are no costs associated with submitting an application for this scholarship.**

***Scholarship Deadline is: May 31, 2016.***
