

BISMARCK STATE COLLEGE

FOUNDATION

2025 ANNUAL  
REPORT

TAKING  
SUCCESS  
BY THE  
HORNS

# From the Executive Director's Desk

*Kari Knudson, BSC Foundation Executive Director and Vice President for College Advancement*

This has been another fantastic year for BSC and the BSC Foundation! I am thankful for our wonderful donors, board members, alumni and employees for teaming up to support BSC students, contributing towards the success of BSC.

BSC has continued to see record enrollment for 7 consecutive semesters and achieved another milestone this fall with 4,549 students! The campus is flourishing with the addition of several new academic programs and sports along with the opening of the new Advanced Technology Center and a new 55 bed residence hall. BSC now offers 13 bachelor's degrees, providing affordable and relevant options for students and leading to credentials needed in the workforce. It is a monumental effort involving many employees and partners to accomplish these results.

The BSC Foundation's net assets have grown to \$71.7 million from \$66.2 million, which is an increase of \$5.5 million over the prior year. The increase in donations for endowed scholarships, strong investment returns and contributions for the Bavendick Center project have been instrumental in asset growth over the last few years.

We are grateful to the Bavendick family for providing the lead gift and the impetus for the \$40 million Bavendick Center, which will span 80,000 square feet. Donor support for this project has been phenomenal – thank you! The campaign is nearing the targeted completion of year-end 2025. Contact us soon if you are interested in supporting this impressive project and choosing a great naming opportunity. The new facility is currently scheduled for completion in early 2026.

The ND Legislature approved funding for the ND Challenge Grant matching funds program again, effective July 1, 2025. We are able to secure an additional 50% of donations through this matching grant program. The BSC Foundation is able to receive \$2 million in matching funds by securing \$4 million in donations. We are off to a good start with \$1 million in

donations and \$500,000 in matching funds approved to date. Many donors have established new scholarship endowments or added to their endowment funds, which has created a permanent source of funding for BSC student scholarships.

The BSC Foundation provided a record \$1.36 million in scholarships and also secured a grant from the National Science Foundation for \$244,000 in scholarships for BSC students. In total, there was \$1.6 million in scholarships awarded to 900 BSC students. The generosity of our donors and the matching funds from the ND Challenge Grant have contributed to the increase in scholarship awards each year.

In addition, the BSC Foundation contributed over \$1.4 million in support to BSC for student and employee recognition events, equipment, music and theater events, employee education and other items.

The College Advancement grant writing team finished another fiscal year by successfully securing 41 grants from external sources worth \$13 million. The U.S. Department of Education awarded a \$9.9 million, 5-year grant to BSC for the development of extended and virtual reality to support students with disabilities in pursuit of careers in manufacturing and other industries. Grant funding was also obtained to purchase equipment and other support for Dental, Agriculture, Energy, Cybersecurity, Humanities and other programs.

We are fortunate to have so many people working towards the same goal of supporting BSC and its students. I am truly blessed to work with all of you and the amazing staff at the BSC Foundation and College Advancement. Thank you for making such a positive impact on our students!

*Kari Knudson*

# 2024-2025 Fiscal Report

The Bismarck State College Foundation abides by all guidelines of the Association of Fundraising Professionals and the Donor's Bill of Rights. Our cost to raise a dollar is 2.9¢, which is competitive with other organizations and well below the percentage required by oversight agencies. The BSC Foundation is a 501(c)(3) non-profit organization, and all donations are tax deductible as allowed by state and federal tax laws. Most of our funds are permanently endowed, so the assets will be available to assist BSC and students for many generations. Our endowment qualifies for the State of North Dakota 40 percent tax credit.

**2025 TOTAL ASSETS**

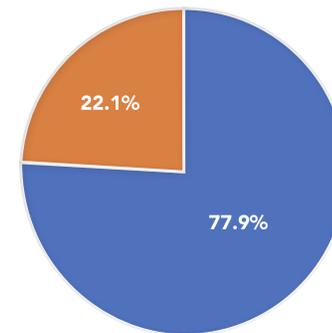

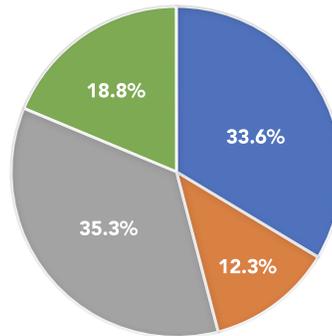

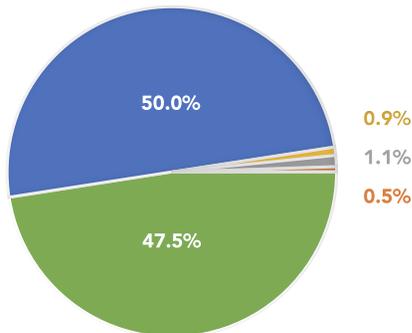

**\$71,728,302**

## SUPPORT & REVENUE - 2025

Contributions . . . . .	\$ 1,984,113

## SUPPORT & REVENUE OVER EXPENSES

**\$5,807,327**

**TOTAL FOUNDATION EXPENSE & PROGRAM SUPPORT = \$4,275,287**

Wade Mann

# Trustee Spotlight *Wade Mann*

## Guiding with Purpose: Wade Mann's Leadership and Legacy at Bismarck State College

As a partner at Crowley Fleck PLLP and a respected voice in North Dakota's energy and regulatory landscape, Wade Mann is no stranger to shaping outcomes that matter. But it's his steady leadership as President of the Bismarck State College Foundation Board of Trustees that reflects a quieter, equally powerful commitment: helping students access the education and opportunities that can shape their own futures.

Wade's path to BSC began far from the boardroom. A native of Langdon, North Dakota, Wade graduated from the University of North Dakota in 1996, spent a few years in Phoenix, and then returned home to pursue a law degree at UND School of Law. After beginning his legal career in Fargo, Wade developed a passion for natural resources law, eventually serving as an Administrative Law Judge and Director of the Office of Administrative Hearings before joining the private sector. Today, his regulatory practice spans oil, gas, and energy litigation, and he regularly appears before the North Dakota Industrial Commission and Public Service Commission.

Despite a demanding career, Wade has never lost sight of the importance of giving back. Recruited to the BSC Foundation Board more than five

years ago, he quickly found purpose in supporting the mission of a college that, while not his alma mater, has become an institution he deeply values. "I was drawn in by the opportunity to serve alongside so many smart and influential people who truly care about the future of our region," Wade says.

**"BSC** has really become a hub for *innovation, workforce development, and community impact.*"

As Foundation Board President, Wade is particularly inspired by the college's recent momentum — from the development of the Bavendick Center to the growth of BSC's polytechnic programs. "It's pretty remarkable," he says. "BSC has really become a hub for innovation, workforce development, and community impact. It's exciting to be part of something that's moving the region forward."

Wade believes the Foundation plays a vital role in fueling that momentum. Whether it's scholarships, fundraising, or retention efforts, he sees the Foundation as a critical force behind the scenes — ensuring students can fulfill their educational goals and that the college continues to thrive.

At his core, Wade is someone who values community, connection, and the chance to make a difference. Whether on the board or in the courtroom, his goal is the same: to help people succeed and leave things better than he found them. Outside of his professional life, Wade finds joy and renewal spending time with his wife and daughters at the family cabin, especially enjoying peaceful days on the water.

We're grateful for Wade's leadership, vision, and

commitment to Bismarck State College. His work on the Foundation Board continues to shape lives, strengthen our college, and inspire a future full of possibility.

# Donor Story *H.A. Thompson & Sons*

## A Legacy of Leadership, Service, and Community: The Thompson Family and H.A. Thompson & Sons

In Bismarck, some families build more than businesses — they build communities. For the Thompson family, giving back is as foundational as the plumbing and HVAC systems they've installed for over a century.

Founded in 1908 by Harry A. Thompson, H.A. Thompson & Sons has long been woven into the infrastructure of North Dakota. From the Bismarck Water Treatment Plant to the BSC Aquatic & Wellness Center, Polytechnic Building, Student Union, and Schafer Hall, their work has shaped the places where North Dakotans live, learn, and gather. But their greatest legacy isn't just found in the buildings they've constructed — it's in the impact they've made through decades of quiet, consistent philanthropy.

Mark Thompson, who returned to the business after serving in the U.S. Air Force, has led the company for more than 50 years. Together with his wife, Claudia, and daughters, Jennifer and Tracy, the Thompsons have continued what began with Mark's grandfather — a commitment to excellence, integrity, and deep-rooted community care. Now, with Jennifer and Tracy at the helm, the legacy of H.A. Thompson & Sons is in capable hands and poised to thrive for generations to come.

"Even in earlier years, before we had substantial business, we made it a priority to give back," Mark says. "We gave what we could, and it felt good to support things that truly matter."

That spirit of giving is something they've carried through the generations. Jennifer and Tracy both left successful careers — in law and

healthcare — to return home and carry on the family business. "It's not just a business to us, it's a legacy," says Jennifer. "And part of that legacy is showing up for the community that's shown up for us."

Their philosophy is simple and profound: give to what you love, and support the things that make your community a better place to live. Whether it's funding scholarships, supporting the arts, or partnering with institutions like Bismarck State College, the Thompsons believe that giving is its own reward.

"Great ideas die when they don't get funded," Mark says. "But when you support something like BSC — an institution that's not only educating students but enriching the community — you're investing in something with generational impact."

Their connection to BSC is both practical and personal. After their company installed the original bathrooms in Schafer Hall, Mark did the project clean-up. They've watched the college grow in visibility, programming, and regional significance. From HVAC systems to humanities festivals, they've supported BSC not only as contractors, but as neighbors and friends.

"It's always been a pillar in

the community," Tracy says. "And it's become even more vital — drawing people to Bismarck and creating opportunities we're proud to support."

For the Thompsons, philanthropy has never been about recognition — it's about doing what's right and supporting the community that has supported them. "It's humbling," Claudia shares. "We don't do it for attention. We do it because we believe in the greater good and in building something lasting for future generations."

The Thompson family's legacy is one of stewardship, service, and a deep-rooted belief in the power of community. Their unwavering support of Bismarck State College reflects a shared commitment to education, innovation, and opportunity. We are deeply grateful to the Thompsons for their continued generosity and for helping BSC thrive as a pillar of strength and progress in our region.

## President's Cup

The Bismarck State College Foundation enjoyed another summer of successful fundraising events to support BSC students with scholarship opportunities.

The BSC President's Cup held its 30th annual event on June 13, 2025, at Prairie West Golf Course in Mandan, N.D., raising more than \$35,000 for student-athlete scholarships. The tournament sold out early with 36 teams. Over \$385,000 has been raised for BSC Mystic athletes throughout its history.

Participants gather inside for breakfast provided by the ND Lignite Energy Council before heading out on the run.

1 of 3 draglines at Coteau Properties

## President's Run

In July, BSC hosted its annual President's Run gathering, which led the group to North American Coal's Freedom Mine, located near Beulah, ND. Participants learned about the current operations at North America's largest Lignite Mine and received a tour of the mine. Donations raised through the event assisted the BSC Foundation in providing scholarships to BSC students in the Heavy Equipment Operations & Electrician Programs. The BSC President's Run has raised more than \$120,000 throughout its 18-year history.

Tyson Durfey delivers a motivational speech

Over 400 in attendance

## Rodeo Gala

The Bismarck State College Rodeo team hosted its first ever Gala on February 15th with a sold-out crowd of over 400 in attendance. The event featured World Champion, Tyson Durfey and over 100 items in a live and silent auction. It was a chance for fans to meet the 2024-2025 Rodeo Team and hear about their successes. Over \$70,000 was raised for the BSC Rodeo Team.

# Benefactor Profile *Deb & Jo*

Deb Hoistad and Jo Koch

## From Rebels to Role Models: Deb Hoistad and Jo Koch's Enduring BSC Legacy

Deb Hoistad and Jo Koch are more than Bismarck State College alumnae—they're trailblazers, truth-tellers, and deeply

devoted alumni whose legacy of giving is rooted in strength, service, and the belief that education can transform lives.

Their stories began decades ago, long before women's sports had scholarships or locker rooms. Deb was a multi-sport athlete recruited to BSC by Hall of Fame coach Nancy Stavn Christensen, who made a personal visit to Deb's family farm to persuade her father that his daughter not only could—but should—go to college. Deb made history as the first female BSC student-athlete to go on to play Division I basketball. While at BSC, she earned All-American honors in high jump and went on to build a successful career in coaching, education, international publishing and corporate finance. Deb was inducted into the BSC Athletic Hall of fame in 2022 and delivered the BSC commencement speech in 2024.

Jo, a bold and outspoken athlete raised by progressive parents in the 1960s, met Deb on the BJC campus and quickly became both her teammate and her loudest supporter. "I think I was the breath of fresh air and encouragement she never had," Jo laughs. "I've always believed you can be *whoever and*

*whatever* you want—and nobody gets to say otherwise."

After leaving Minot State because of the rigid gender expectations of the time, Jo found her way to the Bismarck area where she became the first female patrol officer in Mandan in 1976. Her career would later lead her to owning and running a successful international delivery business. But at her core, Jo has always been a volunteer, a champion for justice, and a firm believer in paying it forward—whether for a flood in Texas, a homeless neighbor in California, or a student-athlete in rural North Dakota.

“I've always believed you can be **whoever and whatever** you want—and **nobody** gets to say otherwise.”

Together for over four decades, Deb and Jo now live in California but remain fiercely connected to BSC. Their decades-long effort to support women's athletics at the college started long before anyone was listening. "We called. We emailed. We showed up," Jo recalls. "And we kept saying—this place can compete with the big boys."

Their persistence eventually paid off. A meaningful connection with BSC Foundation

staff reignited the relationship and led to a legacy gift that includes scholarships for women's athletics and a contribution to the Bavendick Center, where the women's basketball locker room now bears Deb's name. The space serves as a beacon of encouragement for young women—just like Deb and Jo once were.

"We believe in BSC's mission, and we believe in investing in students who just need someone to open the door," Deb says. "That's why we've included the BSC Foundation in our estate planning. This college gave us lifelong friendships, direction, and opportunities we couldn't have imagined."

Jo echoes the sentiment with her signature candor: "It's not about getting a plaque on a wall. It's about showing up, giving back, and helping people rise. That's how I was raised."

For Deb and Jo, giving is a way of life—a deeply personal act rooted in gratitude and a lifelong commitment to lifting others. Their story is a testament to the power of education, the impact of persistence, and the lasting influence of those who lead not for recognition, but for what's right.

We are proud to honor Deb Hoistad and Jo Koch for their visionary support, enduring spirit, and extraordinary legacy at Bismarck State College.

Emily Hyatt

# Student Spotlight *Emily Hyatt*

## A Stage of Her Own: Emily Hyatt's BSC Journey

At just 14 years old, Emily Hyatt knew where her heart belonged—on the stage. A homeschooled student with a passion for storytelling and performance, Emily's theatrical journey began with the Shade Tree Players and eventually led her to cross paths with Dean Bellin, Chair of the Theatre Arts program at Bismarck State College. Their meeting was more than serendipitous—it was a turning point.

After starring in *A Year with Frog and Toad* under Bellin's direction at age 15, Emily couldn't shake the feeling that she had found something special. "That experience was truly the time of my life," she reflects. Not long after, Bellin invited her to take college-level theatre classes at BSC—opening the curtain to a new chapter before she had even graduated high school.

Now 18, Emily officially graduated with her Associate of Arts degree from Bismarck State College on May 16, 2025—a milestone she reached with a blend of drive, discipline, and undeniable talent. She took everything from Acting I to College Composition, diving headfirst into the academic world while performing in nearly every BSC Theatre production available.

Her favorite so far? *Jekyll and Hyde*, a musical full of emotional depth and haunting melodies. "Frank Wildhorn's music is just incredible," she says. "But Emma and Tiny Beautiful Things gave me a chance to portray real people with real experiences. That was life-changing."

Growing up in a family of scientists—her mother a biologist and her father a soil biologist—Emily's love for the arts bloomed in contrast to her academic upbringing. "They were big on classical education," she says, naming Oscar Wilde and Shakespeare as early influences, thanks in part to her involvement with the Young Bards Association.

At BSC, Emily found a second home. "It's smaller than a lot of colleges, which means you really get to know people—your classmates, your professors. The theatre community here is so supportive," she says. "Dean Bellin has been a mentor since day one, and Michael Tomanek, my College Comp professor, laid the groundwork for everything that followed. He believed in me and encouraged me to apply for the North Dakota Academic Team."

Outside the classroom, Emily served as Vice President of the Drama Club and was twice nominated for the Irene Ryan Acting Scholarship at the Kennedy Center American College Theater Festival. "Those performances—partner scenes from *The Importance of Being Earnest* and others—have been unforgettable. Being surrounded by talent and professionalism, even in a smaller city like Bismarck, has been a gift."

Emily credits BSC for providing not just an education, but a launchpad for the future. "Whether it's preparing for tests, formatting papers, or approaching professors with questions, I've learned

how to be prepared and how to advocate for myself," she says. "BSC's theatre program is professional in every sense—from the costumes and sets to the opportunities we're given."

Her success wouldn't have been possible without the generosity of BSC's donors and scholarship supporters. Emily was the grateful recipient of several scholarships that helped lighten the financial load and fuel her passion for the arts, including the Harold and Sheila Schafer Memorial Scholarship, the Patrick Atkinson Scholarship for Enriching North Dakota, the BSC Foundation Scholarship, the Harold and Karen Schulz Music Scholarship, and the Tom Hanson Theatre Scholarship.

"I'm so thankful for the support I've received through the BSC Foundation," Emily adds. "Their investment in students like me makes it possible to dream big—and take the next step."

Now, with college applications submitted to Columbia College and the University of Minnesota, Emily is preparing to pursue a degree in musical theatre. "The next step is big," she says, "but BSC has given me every tool I need to succeed."

For Emily Hyatt, the spotlight is just beginning to shine. And behind that light stands a community of believers—educators, peers, and generous donors—who helped make her stage dreams possible through Bismarck State College and the BSC Foundation.

Tyler Hansen

## Student Spotlight

# Tyler Hansen

Tyler Hansen, a 20-year-old from Killdeer, North Dakota, embodies the spirit of perseverance and dedication. Currently

an Instrumentation and Control Technology student at Bismarck State College (BSC), Tyler also competes as a national qualifying rodeo athlete. Rodeo is truly in his blood—both his father and grandfather were state champion steer wrestlers, setting the foundation for Tyler's lifelong passion.

Tyler started rodeoing at just six years old, beginning with roping. By sixth grade, he was roping from horseback and quickly found success at the state level. Reflecting on his journey, Tyler shared, "Rodeo has always been a part of my life. It's something I grew up doing, and it feels natural to carry on the tradition."

After graduating from Killdeer High School in 2022, Tyler initially pursued his studies at Ranger College in Stephenville, Texas, where he also competed on the rodeo team. However, when he heard about BSC starting its own rodeo program, he knew it was time to return home to North Dakota. "It was the perfect opportunity," Tyler explained. "I wanted an instrumentation and control degree, and being able to rodeo while getting a quality education felt like the best of both worlds."

Now set to graduate in 2026, Tyler hopes to work in the oil field while also pursuing his rodeo dreams. His scholarship—made possible through the support of the Bavendick Family Scholarship and Conoco Phillips Energy Scholarship—has been a significant help in balancing his education and his passion. "The scholarship has made it really easy to do what I love without worrying about finances," he said.

As a competitor, Tyler specializes in steer wrestling, calf roping, and team roping as a heeler. Though he earned a qualification spot at the College National Finals in Casper, Wyoming—an incredible milestone and testament to his dedication—an untimely injury prevented him from competing. While disappointing, the achievement still stands as a reflection of Tyler's grit, talent, and determination to continue pushing forward in both rodeo and life.

Comparing his experiences in Texas and North Dakota, Tyler notes the difference in team dynamics. "At Ranger, we all practiced on our own. Here at BSC, we practice together. It's more team-oriented, and that's been a big change for me," he remarked.

Aside from his athletic pursuits, Tyler has found support and mentorship from his instructor, Craig Nelson. "Craig teaches in a way that makes everything easy to understand—even if you're starting from zero," Tyler says. "He's been incredibly supportive, especially when I'm traveling for rodeo. It means a lot to have a teacher who gets it and works with you."

With a passion for both his sport and his studies, Tyler is grateful for the support he's received along the way. "I just want to thank everyone who made this scholarship possible. It's allowed me to focus on school and rodeo without the stress of finances."

Thanks to the generosity of BSC supporters and the growing community behind the college's rodeo program, Tyler is not just chasing his rodeo dreams—he's building a future rooted in hard work, grit, and ambition. And he won't be doing it alone for long. Next year, his younger brother will be joining him at BSC and stepping into the chute as a member of the rodeo team, continuing the Hansen tradition. BSC is proud to support their journeys, both in the arena and in the classroom.

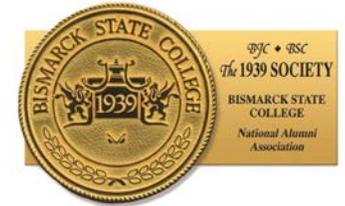

# 2024-2025 BSC National Alumni Association Board

The Bismarck State College National Alumni Association is dedicated to connecting alumni and students with Bismarck State College while promoting and supporting the interests of its members and the college. The Board of Directors serve as ambassadors for the Alumni Association, the BSC Foundation, and BSC. This year's board members, back row (left to right) Karla Buzick; Katie Robinson; Deb Igoe; Jerry Chaussee; front row (left to right) Donna Fricke, President; Deborah Mantz; Grace Renner, Alumni Development Manager; Rob Koppinger, Vice President. Not pictured: Eric Carufel, Troy Nies and Mitch Fischer.

## The 1939 Society: Honoring Our Legacy, Investing in the Future

On September 4, 1939, Bismarck Junior College opened its doors to 104 students and 12 instructors on the third floor of Bismarck High School. Despite the economic hardships of the Great Depression and the outbreak of World War II just days prior, our founders forged ahead with a bold vision for accessible education in our region. From those humble beginnings, Bismarck State College has grown into a vibrant community of learners and leaders, with a proud alumni network that spans generations.

To honor that legacy and invest in the future, the BSC National Alumni Association created the 1939 Society — a unique and prestigious

alumni giving program. With a one-time contribution of \$1,939, alumni and friends are inducted into the 1939 Society and recognized as lifetime members of the BSC Alumni Association.

Currently, 91 dedicated alumni and friends have joined this honored group, establishing a permanent legacy of support. All contributions are permanently endowed in the 1939 Society Fund. Earnings from this fund help sustain Alumni Association programs that strengthen connections between alumni and the college while directly benefiting today's BSC students.

As a 1939 Society member, you will receive special recognition:

- On our website
- On a commemorative plaque on campus

Your support of the 1939 Society not only celebrates our past — it paves the way for a future full of promise for BSC students and alumni alike. If you're interested in joining this distinguished community, contact the Alumni Office at 701-224-5692.

Kathryn Johnston  
Murphy

## 2025 Alumnus of the Year

Bismarck State College is proud to honor Kathryn Johnston Murphy as our 2025 Alumna of the Year. A 1982 graduate, Kathryn has built a nationally respected career in family law as a Senior Partner at Goranson Bain Ausley, PLLC in Texas. Known for her expertise in complex divorce and custody cases, she is also a dedicated mentor, author of 90+ legal articles, and a frequent speaker at state and national conferences. Kathryn's leadership includes service on the Texas

Family Law Council and the State Bar of Texas, and as past president of the AAML Texas Chapter. She also co-founded the Drinks and Diversity program to promote equity in the legal field. Though her work has reached national heights, Kathryn's heart remains with BSC, where her journey began and where her legacy of impact continues to inspire.

Alexandra Lund

## 2025 Rising Star Award

Bismarck State College proudly recognizes Alexandra Lund as our 2025 Rising Star recipient. A 2007 graduate with an AAS in Graphic Design, Alexandra has carved out a remarkable career as owner of Bismarck Sign Company, blending creativity with strategy to elevate brands and foster industry innovation. With over 17 years of experience, she's also a passionate business coach through The Sticker Lady, mentoring sign and wrap professionals nationwide. Alexandra's commitment to leadership and service is reflected in

her co-founding of the Bismarck Mandan Chamber's Empowering Women in Business initiative, her role on the BSC Graphic Design Advisory Board, and national recognition as a 2023 ISA Elite 35 under 35 honoree. From mentoring students to writing for industry publications, Alexandra continues to champion growth, empowerment, and excellence—making her a true Rising Star in every sense.

### NOMINATIONS FOR THE 2026 ALUMNI AWARDS

are due December 1, 2025, at <https://bismarckstate.edu/alumnifoundation/about/awards/BSC-Alumnus-of-the-Year-Nomination/>. If you have any questions, please contact BSC Alumni Development Manager, Bailee Bulman-Hanson at 701-224-5692, 800-272-2586 or by email, [bailee.a.bulman@bismarckstate.edu](mailto:bailee.a.bulman@bismarckstate.edu).

Harold Schafer Family

## 2025 Legacy Family

Few names resonate more deeply in North Dakota's story than Harold Schafer—a visionary entrepreneur, philanthropist, and devoted champion of education. Best known as the founder of the Gold Seal Company, Schafer brought household staples like Mr. Bubble and Snowy Bleach into homes across America. Yet, it was his deep generosity that left an even greater mark. In 1959, Harold Schafer donated 70 acres of land atop Meadowlark Hill, paving the way for Bismarck Junior College's relocation and growth. The first building on that land—Schafer Hall—still stands as a tribute to his enduring legacy. A Horatio Alger Award recipient and North Dakota Rough Rider, Schafer also revitalized Medora, preserving the town's history for future generations. His legacy at Bismarck State College lives on through the thousands of students impacted by his generosity. BSC is honored to recognize the Harold Schafer Family with the Legacy Family of the Year Award, celebrating a lasting commitment to progress, education, and community.

## GIFT PLANNING

**Put your assets to work with tax-efficient charitable strategies.**

Visit [www.bscllegacy.org](http://www.bscllegacy.org) or contact the BSC Foundation at 701-224-5700 to find out more & receive a free estate planning guide.

# BSC Mystics 2025 Athletic Hall of Famers

## **NANCY STAVN CHRISTENSEN**

is a trailblazer in women's athletics, and Bismarck State College proudly welcomes her into the 2025 Athletic Hall of Fame in recognition of her visionary leadership and lasting impact on women's sports. Joining Bismarck Junior College in the early 1970s, Nancy began as a gymnastics coach. When a team didn't materialize, she didn't step back—she stepped up. From 1972 to 1978, she served as Director of Women's Athletics and coached volleyball, track and field, cheerleading, and the Mystiques dance team, guiding female athletes during a transformative era shaped by Title IX. Resourceful and relentless, Nancy hand-crafted uniforms, advocated for scholarships before the Bismarck School Board, and personally recruited students to build strong, competitive teams. Her leadership led to a 127-point victory at the NDAIAW JC Track and Field meet and a third-place national finish at the NJCAA championships. A two-time all-around gymnastics champion at Minot State, Nancy's coaching career later continued at NDSU. Her legacy endures in the athletes she empowered and the path she paved for women in sports.

## **RUSS HENEGAR**

a multi-sport standout from the early 1970s, is proudly inducted into the 2025 Bismarck State College Athletic Hall of Fame in recognition of his exceptional achievements in football, baseball, and track and field. As a halfback for Bismarck Junior College in 1971, Henegar made an immediate impact—rushing for 749 yards, catching 19 passes for 231 yards, and scoring 11 touchdowns. His breakout season earned him the title of Outstanding Freshman Football Player of the Year. Henegar's athleticism shined across multiple arenas. In track and field, he captured a state title in the long jump. On the baseball field, he played a key role in leading the Bismarck Legion team to a State Championship, highlighted by a 27-game hitting streak and a .368 batting average. His talent carried forward to Moorhead State, where he earned all-conference recognition and was named to the NAIA First Team All-American roster. Russ Henegar's legacy as a versatile and driven competitor remains an enduring part of BSC's athletic history.

## **DAVE REIMNITZ**

is a driven competitor with an unwavering commitment to excellence. Reimnitz's journey from high school standout to national champion is nothing short of inspiring. His wrestling career began at Bismarck High School, where he played a key role in securing the 1975 state championship. Continuing at Bismarck Junior College, he compiled an outstanding 38-6 record, earning 1st Team All-American and Academic All-American honors. In 1978, he cemented his place in history by winning a national individual title before capturing gold at the Junior Pan-American Games. Reimnitz carried his momentum to Concordia College, St. Paul, where he dominated the competition, securing back-to-back national wrestling titles in 1980 and 1981 while remaining undefeated. His athletic talents extended beyond the mat—he was a standout on the soccer field, leading his team to a conference championship and earning Most Valuable Player honors. With his induction into the BSC Hall of Fame, Dave Reimnitz's legacy continues to inspire generations of athletes.

# Kermit Lidstrom Memorial Faculty & Staff Excellence Awards

The BSC Foundation presented the 2025 Faculty & Staff Awards of Excellence to recipients at the May 2025 BSC Celebration Day Event. These individuals were nominated by peers and students and are recognized for their outstanding accomplishments and contributions to Bismarck State College. 2025 Recipients include: Marko Davinic, Associate Professor of Ag., Tech. & Natural Resources; Kelsey Menge, Associate Professor of Speech; Juanita Lee, Public Information Officer; Meagan Miller, HR Manager; and Daniel Walstad, Theatre Instructor.

## The BSC Foundation supports BSC Faculty, Staff, and Students through its grants program

### 2024-2025 BSC FOUNDATION GRANTS

During the 2024-2025 academic year, the BSC Foundation granted nearly \$50,000 to BSC staff, faculty, and student organizations for a variety of projects. These projects included professional development for faculty and staff, new classroom equipment to enhance teaching and learning, student trips for award competitions, bringing in guest speakers for student activities, Project CARE, and much more. These funds are provided through the generosity of Sam & Bertha Merritt Trust.

# Bismarck State College and the BSC Foundation Celebrate a Successful Year in External Grants

Metallica Foundation Scholarship recipient, Luisa Stafford

In a landmark year for Bismarck State College, the Bismarck State College Foundation secured 41 grants totaling more than \$13 million between July 2024 and June 2025. These awards are driving forward a wide range of initiatives—from launching energy auditor and dental assistant programs to expanding rural education. Major highlights include Metallica Foundation Scholarships and a \$9.9 million grant from the U.S. Department of Education that uses virtual reality to support workforce development for people with disabilities. This year’s new funding

also strengthens program training, equipment, and outreach efforts, while enriching student life through scholarships and athletics, including the Clay Dusters and the new Rodeo Stampedede.

<b>Education &amp; Training</b> . . . . .	<b>\$11,527,484</b>

Andrew Mantz

## 2025 Jack Fellowship Awardee

Andrew Mantz, BSC Bookstore Manager, was the recipient of the 2025 Jack Fellowship Award. This award will assist Andrew is pursuing his Bachelor of Science in Finance from Bismarck State College. The Jack Fellowship Program has been established to fund a Bismarck State College employee to further their education, which will ultimately benefit BSC and the students it serves. This program was set up by the late Tom & Peg Jack.

Julie Erickson

# Enjoy Retirement!

# Julie Erickson

## Persistence, Passion, and a \$70 Million Legacy

When Julie Erickson first walked onto the Bismarck State College campus in March 2001, she had no idea she'd spend the next 24 years helping to transform it. A trained philanthropic professional with a master's degree in philanthropy, she came from the Abused Adult Resource Center (AARC), where grants funded 80% of the work. "I loved the work I did at the AARC. If I ever moved on, it would be to serve in education or healthcare—where I could keep making a difference in people's lives," she said.

At BSC, she began as a planned giving coordinator and quickly transitioned into the role of grant writer. In a short time, she advanced from securing \$5,000 awards to facilitating projects valued in the hundreds of thousands—ultimately contributing to more than \$70 million in funding for the college over the course of her career.

"That's not me alone," she insists. "There are so many people who help make grant funding possible."

From her very first major awards from the National Science Foundation, Economic Development Administration, and North Dakota Center of Excellence grants that led to the creation of the National Energy Center of Excellence — Julie has had a hand in projects that shaped BSC's future. She points to the XR for VR grant as "monumental" for its potential to change the way the college operates. Other milestones include a recent United States Navy contract for cybersecurity, a National Endowment for the Humanities Challenge grant that established the Bringing Humanities to Life endowment, and the Strengthening Institutions Program (Title III) endowment. The latter two provided permanent funding that ensures the humanities and support for BSC will thrive for generations to come.

"These funds weren't simply financial contributions," she reflects. "They were stewarded by passionate faculty, staff, and administration who advocate for students every day. Through their care and commitment, the money becomes a catalyst for lasting growth and institutional strength."

Over the years, she has watched BSC evolve in its approach to grant funding. Energy programs led the way, demonstrating the potential of competitive funding and inspiring other departments to think bigger. Looking ahead, she predicts a shift in federal funding priorities: "More funding will go to hands-on programs. We'll see more opportunities for applied, workforce-based learning."

If there's one thing she wants the next grant writer to know, it's this: be optimistic and never give up. "Don't let a 'no' discourage you," she says. "There will be years when nothing gets funded, and then suddenly, years when the funding pours in faster than you can keep up."

Her formula for success is equal parts persistence and preparation. "You can't go into it expecting an immediate reward. You have to believe in the impact that funding will have on the college. Every proposal is a rewrite — different people, different perspectives, and the best research you can find." And every project needs a "grant champion" — a project director who owns the vision and can lead it beyond the writing phase.

Julie's work at BSC has never been just a job. A former BSC student herself, she understood firsthand what grants could mean for opportunities and growth. "I was a student they served. I was a single mom. My work at BSC provided me with professional development and membership in national organizations, giving me the chance to network and learn from colleagues across the country. I've had opportunities that exceeded anything I could have imagined."

For Julie, the numbers tell one part of the story — \$70 million in funding, hundreds of proposals, and countless hours of research. But her true legacy is found in the classrooms, programs, and buildings that will continue to serve BSC students for decades to come.

# BSC Foundation and College Advancement Staff

**The BSC Foundation & BSC College Advancement Staff, from L to R:**

**Front Row:** Ashli Engen, Controller & Grace Renner, Alumni Development Manager

**Back Row:** Kari Knudson, BSC Foundation Executive Director & Vice President for College Advancement; Annette Martel, Director of Grants; Cory Wrolstad, Development Manager; Sheila Bitz, Administrative Assistant; Christina Burns, Scholarship/Programs Manager; Julie Larson, Resource Development Manager

The BSC Foundation welcomed new team member, **Bailee Bulman-Hanson** (pictured on the left), who started as Alumni Development Manager in October 2025.

# 2024-2025 BSC Foundation Board of Trustees

## BOARD LEADERSHIP

**President** . . . . . Wade Mann  
**Vice-President** . . . . . Russ Hanson  
**Secretary-Treasurer** . . . . . Rebecca Collins  
**Chairperson of the Board** . . . . . Danette Welsh  
**Finance Committee Chair** . . . . . Sarah Getzlaff  
**Programs Committee Chair** . . . . . Mark Zimmerman  
**Development Committee Chair** . . . . . Kevin Stadler
