CALL FOR PRESENTERS

MIP SY CON | MIDWEST POWER SYSTEMS CONFERENCE

Formerly the Minnesota Power Systems Conference

Before you begin, carefully review the instructions below to make the submission as efficient as possible.

Gather the following:
- o A biography
- o A headshot or professional photo
- o Your co-presenter's name/email (if applicable)
- o Session type (General or Breakout)

✦ General Session Tracks (Very limited – only 2 or 3 speakers – in total - will be selected; topics below):
- o Artificial Intelligence in the Energy Sector
- o Emerging Technology
- o Ethics

✦ Breakout Session Tracks (topics below):
- o Engineering & Construction (phases of engineering and construction for substation,   distribution and transmission projects, civil engineering, and project management)
- o Generation (production of electricity)
- o Power Systems IT (SCADA, metering, automation, and communications)
- o Power Systems & Operation Management (including safety and physical security)
- o Relaying (power system protection)
- o System Planning (including generation, transmission, and distribution planning)
- o Other (indicate topic and provide information on how it is relevant for attendees)

✦ Session Title and Description
- o Note, our software refers to the Session Description as "Speaker Program" and the Session Title as "Speaker Program Title."
- o Your Speaker Program (Session Description) should have 2-3 well written paragraphs.
- o Sessions used to market or promote your company will not be selected.

Include as much information as possible in your submission to assist the committee with making decisions (examples: session details, your experience/biography, potential travel reimbursement or honorarium).

IMPORTANT! Correct spelling, grammar, punctuation, and capitalization is necessary. The information you submit will be pulled directly for conference materials. The BSC team reserves the right to make edits if needed to shorten descriptions or correct these things; however, frequent errors may cause your session to be declined.

✦ When you apply, the system will indicate your (potential future) registration fee – you will select 'pay online later' and it will not be able to charge you. We want to make sure you know that you will not be asked to pay until a determination is made on your session.
