

# The Advocates Scholarship

The Advocates at Driggs, Bills & Day are happy to announce our new scholarship program. Everyone at our firm, attorneys and assistants alike, values education *and* helping those in need. We also understand that school can place a tremendous financial strain on both students and their families. In an effort to help with the costs of attending college, we are excited to be offering two \$1,000 scholarships for current or prospective college students.

The personal injury attorneys at The Advocates work closely with accident victims and their families every day. We know the long-term effects an injury can have on peoples' lives.

The application process:

- The applicant should submit an 300-500 word essay on the following topic:

*Millions of people each year are killed or injured in accidents involving cars or other motor vehicles. What are some ways YOU can contribute to making our roads and highways safer? What are some of the ways the laws can be changed to accomplish that goal?*

There will be one award of \$1,000 for the Spring semester, and one award of \$1,000 for the Fall semester.

The recipient must provide information about which school they will be attending, and the award will be made through the school's financial aid department. The scholarship is open to both incoming freshmen and current students at colleges and universities in the United States.

Deadlines for applications are **December 11th** for the Spring term and **May 15** for the Fall term.
