MUSICAL SELECTION	BSC Concert Band Selections from "The Greatest Showman" Arranged by Paul Martha Ms. Kennedy Cowart, Director
CLOSING REMARKS	Dr. Dan Leingang

Commencement Speaker

KARI WARBERG BLOCK

Kari Warberg Block is a North Dakota native, award-winning entrepreneur and the founder of EarthKind®, a pioneering brand in sustainable pest prevention. After earning an 11-month Hotel, Motel and Restaurant certificate from Bismarck State College in 1982, Kari went on to launch an eight-figure business rooted in purpose and environmental stewardship. Named BSC's Outstanding Alumna in 2022, she also holds a B.S. in Management from the University of Mary. A former mom on food stamps turned national policy advisor, Kari is the author of "Gathering Around the Table," and a tireless advocate for leading with kindness, courage, and innovation.

Student Speaker

MICKELY MATTHEWS

Mickely Matthews is graduating from Bismarck State College with a Bachelor of Applied Science in Energy Management, a milestone that marks a remarkable 17-year personal journey to education.

Originally from Williston, N.D., Mickely's path to graduation was anything but traditional. After graduating from a high school in Texas and enrolling in college in 2007, he faced early setbacks following the loss of his stepfather to a heart attack just days before his first semester at the University of North Dakota. Unsure of his path, he stepped away from school and entered the oil and gas industry. In 2009, he attempted college again, but after dropping out, he enlisted in the North Dakota National Guard, where he continues to serve today as a UH-60 Helicopter Technical Inspector.

In 2021, after a deployment to the National Capital Region and a decade-long career with Hess Corporation, Mickely decided to return to school. With encouragement from a colleague and the support of his wife, Ariel, and their four children—Raegan, Jemma, Paxton and Thatcher—he enrolled at BSC. Mickely balanced full-time work, National Guard duties, parenting two children with special needs and even underwent two heart surgeries. Despite these challenges, he persevered and excelled as a five-time President's Honor Roll recipient.

Mickely credits much of his academic and professional growth to BSC, particularly lessons in professional communication that helped him transition into a new role as a senior production technician at Hess. Beyond school and work, he volunteers with a youth strength and agility program in Ray and Tioga, helping local athletes develop confidence and skills, an extension of his lifelong love of youth sports, inspired by his father's career as a coach and educator.

Mickely expresses deep gratitude to his wife and children; his mom, Missy Turcotte and her husband, Daryl; his father Todd Matthews and his wife, Jennifer; and longtime friend and colleague Brian Horob for their encouragement and support. His story is one of grit, growth and grace; a reminder that it's never too late to finish what you started.

DJ CAMPBELL

DJ Campbell serves as a vice president and chief human resources officer for Sanford Health, a position he has held since 2020. In that role, he oversees all aspects of human resources for the regional health care organization's Bismarck market, which encompasses 3,800 employees. He also develops statewide strategies around workforce development. Campbell is also a member of Sanford Health's HR executive team, which oversees human resources for nearly 45,000 employees spanning 26 states.

Campbell attended Bismarck State College and earned a bachelor's degree. Additionally, he earned a Master of Business Administration from Minneapolis-based Capella University. He currently serves on the North Dakota Workforce Development Council, TrainND Advisory Council, the Greater ND Chamber Workforce Policy Committee and the North Dakota Make-A-Wish Foundation.

He resides in Mandan, North Dakota, with wife, Janell, and two children, Dylan and Cooper.

DAN LEINGANG

Dr. Daniel Leingang is the interim president of Bismarck State College. A longtime faculty member and academic leader, he first joined BSC in 2000 as an assistant professor of mathematics. His leadership path began in 2014 when he was appointed dean of academic affairs, and later dean of humanities, arts and sciences. In 2017, he was named vice president for academic affairs, a position he held until stepping into the role of interim president in 2025.

A native of Mandan, N.D., Dr. Leingang holds a Bachelor of Arts in mathematics from Concordia College in Moorhead, Minn., and a Master of Science in mathematics and a Ph.D. in Educational Leadership with an emphasis in higher education from the University of North Dakota in Grand Forks, N.D.

Dr. Leingang is actively engaged in the community and committed to advancing education and workforce development across the state. He currently serves on the Gateway to Science Advisory Board, the Bismarck-Mandan Chamber Economic Development Committee, and the Mandan Public Schools Foundation for Education. His past service includes roles on the Mandan School Board, the Concordia College National Alumni Board and the North Dakota Governor's Workforce Development Council.

ALICIA UHDE

Alicia Uhde is the interim vice president for academic affairs at Bismarck State College. Alicia's journey began at BSC in 2001 when she arrived on campus as an 18-year-old college student from Stanton, N.D. She earned Associate of Science and Associate of Arts degrees from BSC, laying the foundation for what has become a decades-long connection to the college and to higher education.

In 2004, after completing her bachelor's degree, Alicia returned to BSC to take a position as an administrative assistant in the college's energy technology online education division. It was this pivotal decision that launched her professional career with her alma mater. Alicia's passion for and commitment to innovative, workforce-driven education and student success have propelled her through several leadership roles within the BSC energy academic division, including training associate in 2005 and training and program manager in 2006. In 2011, she was named energy technology department chair and program manager, and the polytechnic program outreach director in 2020. Alicia was promoted to dean of automation, energy and advanced technology in 2023.

In 2025, Alicia was named interim vice president for academic affairs. She holds a Bachelor of Science in Sociology and Human Resources from South Dakota State University in Brookings, S.D., and a Master of Business Administration in management from the University of Mary in Bismarck, N.D.

Alumna of the Year

KATHRYN J. MURPHY

Bismarck State College proudly honors Kathryn Johnston Murphy as the 2025 Alumna of the Year, celebrating her remarkable career, unwavering dedication to the legal profession, and deep-rooted connection to BSC.

A 1982 graduate of Bismarck State College, Kathryn's journey from a small-town student to a nationally recognized attorney is nothing short of inspiring. After earning her B.A. from the University of Texas at Tyler and her J.D. from Southern Methodist University, she embarked on a legal career defined by leadership, advocacy, and service.

For more than 35 years, Kathryn has been a trailblazer in family law, earning respect as a Senior Partner at Goranson Bain Ausley, PLLC, in Texas. Her work has not only shaped the legal landscape but also empowered countless individuals navigating complex legal challenges. A prolific author and sought-after speaker, she has written over 90 legal articles and has shared her expertise at state and national conferences.

But Kathryn's impact extends far beyond the courtroom. A fierce advocate for education and mentorship, she has played a vital role in shaping the legal community. As a former Chair of the Texas Family Law Council and a Board Member of the State Bar of Texas, she has worked to advance legal education, ensuring that the next generation of attorneys is equipped for success. Her leadership as a Fellow of the American Academy of Matrimonial Lawyers—including serving as President of the Texas Chapter—has further cemented her legacy as a champion for justice.

Kathryn is also a passionate advocate for diversity and inclusion in the legal profession. She has spearheaded initiatives like the Drinks and Diversity program, fostering meaningful conversations about race, ethnicity, and representation in law. Additionally, she has mentored aspiring minority attorneys through the AAML Scholars Program, offering them invaluable hands-on experience.

Despite building a career in Texas, Kathryn's heart remains in Bismarck, North Dakota, where her journey began. She credits BSC for giving her the foundation to dream big, work hard, and make a difference. Now, she looks forward to deepening her connection with the BSC Alumni Association and inspiring future students to follow in her footsteps.

With a career defined by excellence, service, and an unyielding commitment to justice, Kathryn Johnston Murphy embodies the very best of Bismarck State College and the entire North Dakota community. Congratulations, Kathryn, on this well-deserved honor!

Rising Star

ALEXANDRA LUND

Alexandra Lund, a visionary leader in the signage industry, has over 17 years of experience, with the last seven dedicated to strategic planning and market analysis. As the driving force behind Bismarck Sign Company, she has spearheaded innovative solutions, enhanced brand visibility and operational efficiency while fostering strong industry partnerships.

Beyond her leadership in signage, Alexandra is a dedicated business coach at The Sticker Lady, where she mentors entrepreneurs in the sign and wrap industry, helping them optimize resources and achieve sustainable growth. A proud Bismarck State College alumna with an A.A.S. in Graphic Design (2007), she remains committed to giving back, serving on the BSC Graphic Design Advisory Board and mentoring students.

Her impact extends far beyond her profession. She co-founded the Bismarck Mandan Chamber's Empowering Women in Business initiative, serves on multiple leadership committees, and was named to the 2023 International Sign Association Elite 35 under 35. Alexandra also contributes to national industry publications, sharing her expertise and advocating for women in the field.

Passionate about leadership, innovation, and community engagement, Alexandra embodies the spirit of a Rising Star, making a lasting impact in her industry and beyond.

Legacy Family

THE SCHAFERS

Few names resonate as deeply in North Dakota's history as Harold Schafer's. A visionary entrepreneur and philanthropist, Schafer built a business empire while dedicating his life to giving back to the communities that shaped him. His contributions to Bismarck State College stand as a lasting testament to his commitment to education and progress.

Born in 1912, Schafer made his mark in business by founding the Gold Seal Company, which introduced popular household products like Glass Wax, Snowy Bleach, and the beloved Mr. Bubble. His keen business acumen turned Gold Seal into a household name, but it was his philanthropic spirit that truly defined his legacy.

In 1959, Schafer made a transformative gift to BSC, then known as Bismarck Junior College. Recognizing the institution's need for growth, he donated 70 acres atop Meadowlark Hill, enabling the college to expand and build a new campus. The first structure erected was aptly named Schafer Hall, a tribute to the man whose generosity helped shape the future of education in the region.

Beyond BSC, Schafer's impact on North Dakota extended to the restoration of Medora, where he played a key role in revitalizing the town and preserving its historic charm. His dedication to the state earned him numerous accolades, including the Horatio Alger Award and North Dakota's Theodore Roosevelt Rough Rider Award.

Harold Schafer's legacy at Bismarck State College endures not just in the buildings that bear his name, but in the countless students who have benefited from the opportunities his generosity made possible. His vision and philanthropy continue to inspire, ensuring that education remains a cornerstone of progress in North Dakota.

Phi Theta Kappa ΦΘΚ

Phi Theta Kappa (PTK) recognizes the academic achievement of college students and provides opportunities for its members to grow as scholars and leaders. Graduates with ΦΘΚ preceding their names have achieved a minimum institutional grade point average of 3.5 and have completed 12 or more semester hours in residence at BSC.

Dual Credit and Early Entry

Graduates with a • preceding their name signifies high school students earning a college degree.

BACHELOR OF APPLIED SCIENCE

The Bachelor of Applied Science degree requires a minimum of 120 semester hours, including courses in general education, the program major and elective areas. Majors may be in Cybersecurity and Information Technology, Energy Management, Operations Management, Finance or Mechatronics Engineering Technology.

ASSOCIATE IN ARTS AND ASSOCIATE IN SCIENCE

These degrees are awarded to students who are following pathways leading to baccalaureate degrees. Both degrees are designed to meet requirements for general education, as well as to provide a beginning in pre-professional studies, with the Associate of Science intended for students going into science-related fields. The recipients of these degrees must satisfactorily complete 60 hours of course work.

ASSOCIATE IN APPLIED SCIENCE

The Associate in Applied Science degree is awarded to students who are following a prescribed curriculum in a designated field of study. Granting of this degree indicates that the student possesses knowledge necessary for entrance into a specific career field. The recipients of this degree must earn a minimum of 60 semester hours in defined course work in specified career areas.

DIPLOMA

A Diploma is awarded to students who complete a prescribed curriculum in a career and technical program. The granting of the Diploma indicates the student possesses knowledge necessary for workforce employment in a specific career field. BSC recipients must complete a minimum of 60 semester hours, including 9 hours of general education.

PROGRAM CERTIFICATE

The Program Certificate is designed for students to complete short-term training leading to immediate employment. Program Certificate course work is taken in specific career areas. The number of required hours may vary from program to program.

This program is not an official graduation list. While every effort is made to ensure accuracy in this program, printing deadlines may result in omission of names and inclusion of names of persons not completing graduation requirements as intended. This printed program, therefore, should not be used to determine a student's academic or degree status. Bismarck State College's official registry for conferral of degrees is the student's permanent academic record, maintained by the Academic Records Office.

NORTH DAKOTA STATE BOARD OF HIGHER EDUCATION

Tim Mihalick <i>Chair</i> Minot	Casey Ryan, MD <i>Member</i> Grand Forks	Curtis Biller <i>Member</i> Fargo	D.J. Campbell <i>Member</i> Bismarck	Michael Linnell <i>Staff Advisor</i> Minot
Danita Bye <i>Vice Chair</i> Stanley	Jeffry Volk <i>Member</i> West Fargo	Kevin Black <i>Member</i> Minot	Maxwell Eriksrud <i>Student Member</i> Grand Forks	Lisa Montplaisir, Ph.D. <i>Faculty Advisor</i> Fargo

BSC ACADEMIC MACE

The mace dates back to the Middle Ages, when it was used as a weapon of war. Over time, the mace was adopted as a regal symbol of authority. Academic maces symbolize an institution’s authority to grant degrees.

The Bismarck State College mace was first used in 2008 at the request of President Larry C. Skogen. Designed by Michelle Lindblom, Professor of Art, the mace was crafted through a community endeavor led by the Dakota Woodturners and several BSC alumni. It is carved from North Dakota Badlands cedar, a wood native to the state.

The staff on which the mace is carried represents educational stewardship. Its three rings denote important dates in the growth of the college: September 4, 1939, the first day of classes; February 12, 1951, the day the 32nd Legislative Assembly granted the college 15 acres on the Capitol grounds for a campus site; and April 27, 1987, the day the 50th Legislative Assembly changed the college’s name from Bismarck Junior College to Bismarck State College.

The three-sided pyramid signifies BSC’s commitment to serve the community, state and nation. Each side of the pyramid contains symbols of BSC: the college seal, the tree of knowledge, and the state Capitol building. The top of the pyramid is adorned with a bronze prow representing lifelong learning.

SOCIAL MEDIA

While you wait for the pomp and circumstance to begin, join the BSC commencement conversation on social media. Watch for behind-the-scenes snapshots of your graduate, preparing to walk across the stage to accept their hard-earned diploma. Be sure to like and share your favorite photos using #2025BSCGRAD to tell the world how proud you are of your graduate.

Here are the platforms we are using to share commencement posts throughout the day:

 bismarckstate  bismarck_state_college

BJC/BSC LEGACY CORDS

The Bismarck State College National Alumni Association honors graduates who have a shared legacy with parents or grandparents who have also graduated from BJC or BSC. These graduates are recognized today by wearing the green and gold legacy cords.

MILITARY CORDS

Bismarck State College honors graduates who have served or are currently serving in a branch of the U.S. armed forces. These graduates are recognized today by wearing a red, white, and blue honor cord.

PHOTOGRAPHY

Please feel free to take photos of your graduate from your seat. Guests are not permitted on the arena floor during the ceremony. After the ceremony, you may join your graduate in the lobby and use our designated photo area to capture memories of this special day.

The Grad Team will be taking professional photographs of your graduate during the ceremony.

Photos may be viewed and purchased by visiting regis.viewyour.photos/direct/67647/27263773 or scanning the QR code.

LIVESTREAM

The BSC Commencement ceremony is being livestreamed at bismarckstate.edu and on the BSC Facebook page. After May 16, the recorded ceremony will be available at bismarckstate.edu/Commencement. The ceremony will also be aired on Dakota Media Access, Cable Channel 12 or Channel 612 HD (see dakotamediaaccess.org for the programming schedule).

STAGE PARTY

DJ Campbell
North Dakota University System

Kari Warberg Block
Commencement Speaker

Mickely Matthews
Student Speaker
