

# PHYSICAL EDUCATION

TRANSFER

**Physical Education is training through physical activities selected and undertaken with full regard to values in human growth, development and behavior. BSC's program provides the first two years of study toward a bachelor's degree with or without a teaching credential. Specialized coursework includes injury care/prevention, first aid/CPR, personal and community health, and elective courses in officiating, dance and wellness. The program provides four semesters of athletics, where participating students learn fundamental skills and strategies for a variety of sports. Graduates earn an Associate in Arts degree.**

## PREPARATION AND REQUIREMENTS

Students interested in physical education need aptitude in mathematics and science, good communication skills, and ability to present themselves physically to demonstrate

detailed movement. Previous experience in athletics or intramurals is desirable, along with leadership ability. Coaches must be resourceful and flexible when instructing and motivating individuals and groups.
