# WEB PAGE DEVELOPMENT
AND DESIGN

Information technology jobs are among the fastest growing in North Dakota. Technology is driving all sectors of the state's economy from farming to retail and oil production. The goal of the Web developer is to make their client's vision a reality by choosing the design and software applications to do the best job. BSC's program offers training in Web languages and Adobe Creative Suite software, as well as Search Engine Optimization, social media and content strategy.

PREPARATION AND REQUIREMENTS

Successful Web Page Development and Design students have aptitude in these areas:
- Critical thinking
- Problem-solving and troubleshooting
- Creativity
- Focus
- Curiosity
- Adaptability
- Good written and oral communication

CAREERS

- Web page developer
- Marketing agency
- Government
- Private sector
- Web master

Employment of web developers is projected to grow 20 percent through 2022, faster than the average for all occupations. Demand will be driven by the growing popularity of mobile devices and e-commerce.
