The Bismarck State College First Destination Report reflects students’ outcomes and their first destinations once they finish technical and career programs at BSC. This report provides prospective students with information as they begin researching possible educational and career paths.

Due to the cyclical nature of business and industry, this report is not a long-term view, but rather an informational resource for career planning. Local and regional economics may impact different outcomes in this report from year to year.

The data for this report was collected through the National Student Clearinghouse, e-mail surveys, telephone calls, and program instructors.

This report contains information concerning graduates of the respective programs in which they were enrolled. Students are identified for follow-up by the Registrar’s Graduate Report, which ran from July 1, 2019 to June 30, 2020. A graduate is defined as a student who has completed the required coursework for a Bachelor of Applied Science degree, an Associate in Applied Science degree, a Certificate, or Diploma program. These students must apply for graduation to be identified in the Registrar’s Graduate Report.

The First Destination Report is provided by the BSC Mystic Advising and Counseling Center (MACC) as an extension of our work with students, employers and BSC staff. We also provide students and BSC employees with national labor market information, and other information relevant to career planning.

Students also have access to Job Seekers Network an online system used by the MACC to post employment opportunities. Find Job Seekers at bismarckstate.edu/jobseekers.

Questions? Contact us by calling 701-224-5752, email bsc.careerservices@bismarckstate.edu or online at bismarckstate.edu/jobseekers.

Kate Millner
Director of Counseling and Advising Services

**TECHNICAL PROGRAMS**

- Administrative
- Assistant/ General
- Legal
- Medical
- Agriculture Industry and Technology (Agronomy)
- Automotive Collision Technology
- Automotive Technology
- Carpentry (Residential)
- Coaching (Athletic)
- Criminal Justice
- Cybersecurity & Computer Networks
- Data Analytics
- Technician
- Diagnostic Medical Sonography
- Electric Power Technology
- Electrical Transmission
- Systems Technology
- Electronics
- Technology
- Electronics/ Telecommunications Technology
- Energy Services & Renewable Technician
- Engineering Technology
- Farm and Ranch Management (Agribusiness)
- Farm and Ranch Management (Farm and Ranch)
- Farm Management Education
- Geographic Information Systems Technician
- Graphic Design and Communications
- Heating, Ventilation & Air Conditioning Human Services/ Eligibility Worker
- Instrumentation & Control Technology Insurance
- Lineworker (Electrical)
- Management
- Management (Entrepreneurship)
- Mass Communications
- Mechanical Maintenance Technology
- Medical Laboratory Technician
- Nuclear Power Technology
- Nursing—Associate Degree Nurse (ADN)
- Nursing—Practical Nurse (PN)
- Paramedic Technology
- Petroleum Production Technology
- Power Generation Technology
- Process Technology
- Surgical Technology
- Technical Studies
- Water & Wastewater Technology
- Web Page Development and Design
- Welding

---

**BACHELOR OF APPLIED SCIENCE**

- Energy Management
- Cyber Security & Information Technology

Limited enrollment program

</table>

Notes: Respondents were categorized as continuing their education if they were enrolled in a college/university and did not have relevant employment. When relatedness of employment or location of employment was not reported by respondent but the company name was provided, research into the company’s work and location led to categorizing location and relatedness to students’ degree. Some employment may be related to a program of study, however if details were not reported by respondents, they may have been categorized as ‘other employment’. Wage data is provided by respondents with related employment in-state and out-of-state. Wage ranges may reflect salaries for individuals entering their career as well as for individuals already working in the field prior to completing their degree. When insufficient data was available, no wage range is indicated.
