

General Policy - Crime Prevention and Security Awareness

Policy:

Bismarck State College is responsible for promoting campus security awareness and crime prevention in compliance with the Clery Act. Security awareness, crime prevention, and safety programs encourage students and employees to be aware of their responsibilities for their own security and the security of others.

The Bismarck State College Campus Safety and Security department, and in collaboration with other internal and external entities, provide awareness and programming through the dissemination of materials, presentations, and trainings on an ongoing basis.
