603.2.1 - Nondiscrimination on the Basis of Disabilities and Reasonable Accommodation

Purpose:

To operationalize Bismarck State College’s policy 603.2.1 Nondiscrimination on the Basis of Disabilities and Reasonable Accommodation.

Procedure:

An individual may be required to provide relevant, written documentation in order to establish that he/she is a person with a disability and entitled to a reasonable accommodation under the law.

Applicants for employment:

Applicants for employment who have a disability may request reasonable accommodation at any time during the application process. Requests for accommodation shall be made to Human Resources. Applicants must confirm the request in writing, however, the arrangements for accommodation may be initiated prior to receipt of the written request.

Employees:

An employee whose disability requires reasonable accommodation in order to perform the essential functions of their job may request reasonable accommodations at any time during their employment. The request for reasonable accommodation shall be processed through the Human Resources Department. Human Resource's response will be in writing. Supervisors receiving requests for accommodation from employees shall direct the employee to contact Human Resources in order to address their need for a reasonable accommodation.

Addressing requests for accommodation:

1. Accommodation requests shall be made in writing using the Employee Request for Reasonable Accommodation Request form. The completed form shall be submitted to Human Resources within one week of the date that a verbal or written request of accommodation is made. In addition, the employee may be asked to provide to Human Resources relevant, written documentation of a disability from an appropriately certified or licensed health care or rehabilitation professional in a relevant field of the disability and explain the need for reasonable accommodation using the Interactive Process Questionnaire form. To ensure a written timely
response from Human Resources, it is recommended that the employee submit the
documentation within ten working days of the employee’s written accommodation
request. Both forms are available on the BSC CORE, Human Resources-Payroll
Policies and Procedures folder or by request from Human Resources.

2. Documentation of disability and need for accommodation provided by an employee
should include the following:
   a. A statement identifying the disability.
   b. A description of the current functional impact of the disability.
   c. Treatments, medications, assistive devices/services currently prescribed or in
      use that are relevant to the job.
   d. A description of the expected duration of the disability over time.
   e. The relevant credentials of the diagnosing professional(s) such as medical
      specialties or professional licensure.

All written documentation provided by an employee requesting accommodation
will be maintained in a confidential file separate from the employee's official
master personnel file in Human Resources.

Occasionally, the documentation provided by the employee may not be sufficient
to make a determination of the appropriate reasonable accommodation. In such a
circumstance, the College may require the employee to go to a health care
professional of the College's choice in order to adequately document the need for
accommodation and identify appropriate accommodations. Any medical
examination required under these circumstances will be limited to determining the
existence of a disability and the functional limitations that require reasonable
accommodation.

Any costs related to the College's request for the additional medical documentation
described above will be the responsibility of the College.

3. The determination of a reasonable accommodation shall be an interactive process
involving the employee, Human Resources and relevant administrative personnel.
The College may provide an alternative to the requested accommodation so long as
it is effective in removing the workplace barrier(s) that impede(s) the employee
with the disability. The employee may refuse an alternative reasonable
accommodation, but such refusal may mean the individual may not be able to
perform the essential functions of the job.

4. An applicant or an employee with a disability, as defined by law, who is dissatisfied
with the response to his/her request for reasonable accommodation and wishes to
appeal, may do so in writing to Chief Human Resources Officer within ten working days of the response.

Appeals process: An Appeal Committee will be formed to review the request. Members of the Appeal Committee may include Human Resources Manager or designee and other BSC employees and managers. The committee will provide a recommendation to the Executive Vice President. The Executive Vice President will make the final decision and communicate to the employee in writing within ten working days of receipt of the Appeal Committee’s recommendation.
