

AUTOMOTIVE COLLISION TECHNOLOGY

LIMITED ENROLLMENT • ON CAMPUS
INDUSTRY CERTIFICATION

CAREER opportunities

- Automobile Collision Technician
- Insurance Adjuster
- Paint Representative
- Automotive Supply Salesman
- Glass Installer
- Frame Technician
- Body Shop Owner

HANDS-ON LEARNING. WORKFORCE READY.

Certified by the National Automotive Technicians Education Foundation, an evaluation board of Automotive Service Excellence (ASE).

This Associate of Applied Science degree and program certificate options provide training in all eight instructional areas certified by the ASE. All instructors have achieved Master ASE certification expertise. This 11-month program trains graduates in metal finishing, frame straightening, welding, painting and glass replacement using modern, specialized equipment in our on-campus shop equipped with the top industry standards. Students will utilize theory-based knowledge learned in the classroom and apply it with hands-on learning in the shop.
