

# SPORTS AND EXERCISE SCIENCE

ON CAMPUS • BACHELOR OF APPLIED SCIENCE

The future professional workforce of the sports and exercise industry is evolving as health, wellness and digital technology advance. This not only creates skill gaps in the current workforce but also creates new job opportunities as these traditional jobs have been transformed.

## CAREER opportunities

- Strength & Conditioning Coach
- Personal Trainer
- Sports or Esports Coach
- Allied Health Worker
- Sport or Esports Recruiter
- Health Promotions Officer
- Exercise Therapist, Physical Therapy Assistant, etc.

## HANDS-ON LEARNING **WORKFORCE READY.**

**Turn your drive for sports and fitness into a career that moves people and keeps the world in motion.**

With a 4-year bachelor's degree in Sports and Exercise Science, you'll gain a strong foundation in kinesiology, sports psychology and the sociological challenges facing the fitness world today. Plus, with co-op and internship opportunities, you will gain real-world experience that sets you apart in the job market. Whether you want to manage a gym, become a sports therapist or launch your own fitness business, BSC gives you real-world experience to make your goals a reality.
