

EDUCATION FOUNDATIONS - SECONDARY

ON CAMPUS • ONLINE • CERTIFICATE

Among the highest needs in North Dakota and national communities is the need for Title I Paraprofessionals and licensed teachers. The need for these educators exceeds the need for healthcare professionals in many states.

CAREER opportunities

- Title I Paraprofessional
- Teacher's Assistant
- Title I Reading Assistant

HANDS-ON LEARNING WORKFORCE READY.

Start your path to teaching with the first program in North Dakota to provide credit-bearing coursework for Title I Paraprofessional certification.

As a student in Bismarck State College's Education Foundations – Secondary Certificate program, you'll earn credit-bearing coursework that meets North Dakota's Substitute Teaching license and Title I Paraprofessional Certificate of Completion requirements with the option to build it toward a full teaching degree.

If you want to work with youth in middle or high school as a key classroom assistant, this program is for you. The coursework you complete can be applied to BSC's Bachelor of Applied Science in Foundations of Teaching or transferred into a secondary education licensure program, such as Math, Science, Social Studies, Business or Trades. With Title I Paraprofessional training built into this program certificate, you may apply to the state for your Title I Paraprofessional Certificate of Completion and/or your North Dakota Substitute Teacher License.
