CAREER opportunities

Sports continue to thrive and attract new participants every year. There are no signs that team or individual sports will wane in popularity any time soon in our region.

Gain practical skills in

- Coaching Philosophy
- Sports Psychology
- Training Methods
- Injury Prevention
- Team Management

HANDS-ON LEARNING **WORKFORCE READY.**

Lead, motivate and make an impact through sports.

With Bismarck State College's Athletic Coaching Certificate, you'll gain the knowledge and practical skills needed to coach athletes in school, recreational or competitive settings. Whether you're a former athlete, educator or aspiring coach, this certificate helps you build the foundation needed to lead teams and develop student-athletes.

You'll explore coaching philosophy, sports psychology, training methods, injury prevention and team management while strengthening your leadership, communication and interpersonal skills. This program prepares you to confidently guide athletes on and off the field while enhancing your credentials for coaching opportunities.

BUILD ON YOUR SUCCESS.

Credits earned through the Athletic Coaching Certificate can stack directly into BSC's Bachelor of Applied Science in Foundations of Teaching, providing a pathway to further your education and expand your career opportunities in education and athletics.
