Explore life's biggest questions

With a two-year degree in Philosophy from Bismarck State College, you'll examine complex and thought-provoking topics like the meaning of life, ethics, truth, knowledge and the nature of reality.

You'll study areas such as logic, social and political theory, and philosophical inquiry while building a strong general education foundation. This program provides the first two years of coursework toward a bachelor's degree, preparing you to transfer and continue your studies in philosophy or related fields.

PREPARING FOR SUCCESS IN YOUR DEGREE

If you're pursuing a philosophy major, you should be curious about different viewpoints and enjoy closely examining ideas. You'll need to express yourself clearly, using strong reading, writing and analytical skills developed through courses like history, literature and mathematics.
