

# HEALTH SCIENCES TRANSFER DEGREES

## AT BSC YOU'LL BENEFIT FROM:

- Affordable Tuition Rates
- Seamless Transfer
- Hands-On Learning
- Flexible Class Options
- Opportunities for Internships

### THE TRANSFER PROCESS:

BSC provides the first two years of required classes for students planning to transfer to a university to finish a bachelor's degree. By completing general education and elective classes, you will earn an Associate in Arts and/or Associate in Science degree. Students should work closely with their BSC academic advisor.

### REVERSE TRANSFER:

Transfer before finishing your degree? Once you have completed additional classes at another university, you could be eligible to complete a reverse transfer and be awarded a BSC degree.

## Start on the path toward a career in the health care field.

Take advantage of affordable tuition rates and well-rounded transfer degree options in a variety of health science fields. You'll take courses that focus on the fundamentals including chemistry, anatomy and physiology, psychology and microbiology while fostering innovative thinking to help you shine in today's health sciences world. Learn everything you need to advance and further your education.
