Criteria for the Electronics / Telecommunications Program (AAS Degree)

The process to select/maintain scholarship recipients:

- Meet the minimum scholarship requirements
- Meet our following cut scores:
  - ACT Reading, 15 minimum OR COMPASS Reading, 70 minimum
  - ACT Math, 16 minimum OR COMPASS Math, 41 (pre-algebra)
- Applicants will be ranked by their high school GPA with the highest GPA being the first place, next highest the second place and so on. There will be three scholarships awarded. There should be a total of six applicants selected in reserve in case any of the top three do not follow through with enrollment. The reserve Individuals will be selected in order of their standing. In case of a tie, ACT scores will be used in the same manner for selection as the GPA.
- Recipients must maintain a 2.5 cumulative GPA with no failing grades to be awarded in consecutive semesters.

The three scholarships should be awarded as follows for each individual.

- $300.00 will be awarded during the first semester.
- $300.00 will be awarded during the second semester.
- $530.00 will be awarded during the third semester.
- $530.00 will be awarded during the fourth semester.

This amounts to $1660.00 per student. The total amount for three students is $4980.00
