Want to know how a course will fit into your current or prospective program of study? The What-If Course List allows you to run a simulation on individual courses.

Access CampusConnection.

1. Enter CampusConnection UserID and Password. Click [Sign In].

On your Student Center under Academics

2. Click the drop down arrow. Select [What-If Report]. Click [Sign In].
3. Select **[Create New Report]**.

4. Select the **[Institution]**, **[Career]**, and **[Catalog Year]**.

   Select up to three programs.

5. Select a course(s), to see how they fit into the program(s) selected above.

   **Click [Browse Course Catalog]**
6. Choose the course from the alpha list.

7. Click the ▶ to expand the list. Then choose [Select] to the right of the course.

8. Click [Submit Request].
9. The course will display on the report under the requirement(s) it fulfills.

On the interactive report the What-If course status will appear as a ❓.

![Math Requirement]

By selecting [View report as pdf], it will display on a new tab in your browser with the status of “WH”.

![Math Requirement View Report]

Tips for using and navigating the interactive requirements report:

1. By default, the report expands requirements that are not satisfied and collapses requirements that are satisfied. Use [collapse all] and [expand all] to collapse and expand every requirement in the report.

2. The three icons ☑️, 🟠 and ⭐ indicate the status of a course used to satisfy an academic requirement as Taken, In Progress, or Planned.

3. Click ▶️ to expand and ▼️ to collapse an individual academic requirement.

4. By default, a maximum of 10 courses are displayed for an individual requirement. Use View All, First, Next and Last to view more. They will look like this: View All First ⬇️ 1-10 of 27 ▲ Last.
5. Click on a course name to view a description of the course. Course sections are also shown.

6. The first requirement on every report is a notice that official degree requirements completion is determined by the Registrar. This requirement may be collapsed but will never be satisfied.

7. All requirements are organized into three levels and reflect a student’s academic program(s).
   a. Dark blue bars are the highest level of requirements. Usually, they are the following:
      i. Liberal Arts Requirements AND
         1. Associate in Arts (AA) Requirements OR
         2. Associate in Science (AS) Requirements
      ii. Technical Program Requirements AND
         1. Certificate Requirements OR
         2. Associate in Applied Science (AAS) Requirements
   b. Light blue bars are the next level of requirements and are grouped under dark blue bars. Two common examples of light blue bars include the following:
      i. Minimum GPA Requirements
      ii. General Education Requirements
   c. Detail lines are the most specific level of requirements and are included below light blue bars. These lines include the specific courses used to satisfy a requirement. Every detail line of a requirement or requirement group must be satisfied for the requirement or requirement group to be satisfied.

For any further questions, or to report a problem with degree audit, please contact Academic Records at 701.224.5420.
