North Dakota Tax Credit for Charitable Giving

Expansion of State Tax Credit for Endowment Gifts
In 2011, legislation was passed that created a North Dakota tax credit for a contribution of $5,000 or more (lump sum or aggregate in one year) to a qualified endowment fund. The tax credit is 40% of the charitable deduction allowed by the IRS up to a maximum credit of $10,000 per year, per taxpayer or $20,000 per year, per couple filing jointly (contribution maximums of $25,000 and $50,000).

State Tax Credit using the IRA Rollover Provision
For 2013, you can utilize the federal IRA Rollover provision to:

- Direct your IRA/retirement account manager to distribute funds to a qualified endowment fund.
- The funds will come out of your IRA/retirement account without being taxed.
- The distributed funds will be eligible for the 40% N.D. tax credit.

The maximum that can come out of an IRA/retirement account this year is $100,000 and you must be aged 70½ or older to utilize the IRA Rollover provision. However, the maximum tax credit for IRA contributions is also limited to $25,000 per person or $50,000 per couple. In addition to the various tax benefits, the distribution qualifies for your Required Minimum Distribution from your IRA/retirement account.

State Tax Credit for Planned or Deferred Gifts
Individuals may receive a state tax credit for a planned gift (e.g., charitable remainder trusts, charitable gift annuities, life insurance policies, etc.) to a qualified N.D. charitable nonprofit or a qualified N.D. endowment. The tax credit is 40% of the charitable deduction allowed by the IRS up to a maximum credit of $10,000 per year, per taxpayer or $20,000 per year, per couple filing jointly.

State Tax Credit for Endowment Gifts from Businesses
Businesses (C corporations, S corporations, estates, limited liability companies, trusts and financial institutions) that pay state income tax may receive a 40% credit up to a maximum credit of $10,000 for contributions to a qualified N.D. endowment. This credit has been effective for taxable years starting in 2007; however, it became effective for financial institutions in 2011.

Non-Itemizers and Carry Forward Provisions
You don’t need to itemize to take advantage of the tax credit. Any unused credit can be carried forward for another three (3) years.
