

BSC's First Destination Report

The Bismarck State College First Destination Report (formerly known as the placement report) reflects students' outcomes and their first destinations once they finish programs at BSC. This report is often used in providing prospective students with information as they begin researching possible educational and career paths.

Due to cyclical nature of business and industry, this report is not a long-term view, but rather an informational resource for career planning. Local and regional economics may impact different outcomes in this report from year to year.

The data for this report was collected through e-mail surveys, telephone calls, and through information provided by BSC program instructors. Throughout this process, telephone calls were made to obtain information from students who did not respond to the surveys. Individual instructors provided information on students who did not respond to the surveys or could not be reached by telephone.

This report contains information concerning graduates of the respective programs in which they were enrolled. Students are identified for follow-up by the Registrar's Graduate Report, which ran from July 1, 2012 to June 30, 2013. A graduate is defined as a student who has completed the required coursework for an Associate in Applied Science Degree, a Certificate, or Diploma program. These students must apply for graduation to be identified in the Registrar's Graduate Report.

The First Destination Report is provided by the BSC Mystic Advising and Counseling Center (MACC) as an extension of our work with students, employers and BSC staff to provide career counseling and job search assistance. We also provide students and BSC employees with national labor market information, Job Seekers Network referral statistics, and other relevant information in relation to past graduates.

Job Seekers Network is an online system used by the MACC to post employment opportunities and can be found at bismarckstate.edu/current/careers. The MACC also provides personal counseling to current BSC students.

Questions? Contact us at 701-224-5752 or online at bismarckstate.edu/current/careers.
