**Helpful Hints on Transfer:**

Students who plan ahead, ask questions, and use pathways created by transfer and/or articulation agreements experience the most successful transfer experience. If you’re currently enrolled at BSC, discuss your plans with your advisor or visit the advisors at the MACC.

Call or visit your intended transfer institution. Ask them to direct you to the following materials and information:

- College catalog
- Transfer brochure
- Information on admissions criteria and on materials required for admission (e.g., portfolio, transcripts, test scores). Note that some majors have limited enrollments or their own special requirements such as a higher grade point average.
- Information on financial aid (how to apply and by what date).

After reviewing these materials, make an appointment to talk with an advisor/counselor in the transfer institution or program. Be sure to ask about course transfer and admission criteria.

If you’re not currently enrolled in a college or university, you might begin by meeting with a transfer specialist or admission officer from your intended transfer institution.

Program articulation agreements are to aid in the transfer process. The program agreements should be used as a guide when choosing courses for transfer. Courses and Program requirements are subject to change.

An official evaluation of transfer credit will be done upon admission transfer institution. Transfer credits will be evaluated and applied according to the institutions catalog and transfer policies. These guides are NOT a guarantee of transfer.
