Navy Health Care Financial Assistance

Generous Financial Assistance
The Navy has programs that can pay the way through a medical or dental school of choice - with no service obligation until that schooling is complete.

- **Health Professions Scholarship Program: Covers 100% of tuition** - plus offers a monthly allowance of $1,605 to cover living expenses for up to four years. And on top of that: there's a sign-on bonus of up to $20,000.*
- **Health Services Collegiate Program: Provides anywhere from $143,000 to $240,000 total.** That includes a monthly salary - plus a housing allowance for up to 48 months (exact amount depends upon school location).

A Navy Officer Recruiter will help your students choose the program that offers the greatest advantage.

Health Care at its Best
Upon completion of medical or dental school, they can step right into a thriving and established practice - gaining world-class training as members of the world-renowned Navy Health Care network. Here they can:

- Pursue any one of dozens of specialties and subspecialties
- Avoid the typical malpractice fees, start-up costs and operating expenses
- Distinguish themselves as not only caregivers but as elite Navy Officers

Experience Beyond the Routine
They'll have the chance to collaborate with leading experts and to expand their own skills. In an environment where patient-focused care, state-of-the-art facilities and cutting-edge thinking are the norm. And unique opportunities include:

- Caring for the brave men and women who serve our country
- Contributing to humanitarian missions around the globe
- Being at the forefront of advances in practice and research
